Sponsorship Opportunity

The mission of "Access for All" is to assist in creating an accessible community where people with disabilities have an equal opportunity to fully participate in all aspects of SLO County life. We promote advocacy within the community by keeping people informed, providing a connection between diverse community agencies & acknowledging outstanding advocacy work through the Paul Wolff Accessibility Advocacy Award (PWAAA). www.sloaccessforall.org

The Paul Wolff Accessibility Advocacy Award recognizes individuals, organizations and businesses who made exemplary contributions towards the creation of a barrier-free community for people with disabilities.
